

Milford High School Cheer

Philosophies

1. **CHARACTER** *in all things*: we stress to our athletes to good individuals on and off the cheer mat. Understanding that we represent something larger than ourselves is a key component to building character within our teams. We expect our athletes to positive role models amongst their peers as well as future generations of Milford Cheerleaders.
2. Take **PRIDE** *in all that we do, and who we are*: Our goal is develop pride inside each and every one of our cheerleaders. We hope that the pride is apparent in themselves, their team, their school and their community. When hard work is paired with pride, we will maximize our full potential as a team and as individuals. We hope our cheerleaders are proud of being a part of Milford Cheer and embrace the responsibilities being a student athlete.
3. *Embody the characteristics of a strong united* **FAMILY**: We hope our teams can be firmly united as a strong family. If athletes hold each other accountable, help overcome difficult situations, and support one another we believe our teams will experience more success and belief in one another.
4. To **VALUE** *each other and the people we encounter daily*: Participating in sports is a privilege that at times we tend to look over. Our hope is that our athletes appreciate the opportunity to perform with one another and value the opportunity to showcase their abilities on a daily basis. We also hope our athletes are reaching out to others to create a better school and community atmosphere.

Our coaching staff is fully committed to the student-athletes in our program. We expect to be competitive at a high level with CLASS and INTEGRITY. We will uphold these philosophies in the highest regard in hopes that all of our athletes are prepared to grow up into strong leaders and successful individuals in life.
